FAMILY-STYLE MEALS

Biscuitville's Family-Style Meals are served fully cooked and ready to enjoy. However, if you need to reheat them, please follow the instructions below:

REHEATING INSTRUCTIONS

1. Preheat oven to 350°F.
2. Remove plastic lid from the foil pan before reheating. Do not place the plastic lid in the oven.
3. Place the foil pan on a cookie sheet and heat uncovered.
4. Heat for 5–10 minutes, until the internal temperature reaches 165°F. DO NOT MICROWAVE.

HEAT AT HOME

Your Biscuitville favorites, ready when you are, so you can enjoy them on your schedule.

HASHBROWN CASSEROLE

Keep refrigerated until ready to bake. Heat directly from the refrigerator.

1. Preheat oven to 350°F.
2. Remove plastic lid from the foil pan before reheating. Do not place the plastic lid in the oven.
3. Place the foil pan on a cookie sheet. Using the times below as a guide, bake uncovered until the internal temperature reaches 165°F. DO NOT MICROWAVE.

Pan Size	Estimated Baking Time
Small	15–20 minutes
Medium	18–23 minutes
Large	20–25 minutes

SAUSAGE BALLS

Keep frozen until ready to bake. Heat directly from frozen. Do not thaw.

1. Preheat oven to 400°F.
2. Remove plastic lid from the foil pan before reheating. Do not place the plastic lid in the oven.
3. Remove plastic lid and Sausage Balls from the foil pan and set aside.
3. Generously coat the pan with nonstick cooking spray. Return Sausage Balls to the foil pan.
4. Place the foil pan on a cookie sheet. Using the times below as a guide, bake uncovered until golden brown and the internal temperature of the Sausage Balls reaches 165°F. DO NOT MICROWAVE.

Pan Size	Estimated Baking Time
Small	20–25 minutes
Medium	25–30 minutes
Large	30–35 minutes
